Built In Honors IDeaS in Two 2024 Best Places to Work Awards

IDeaS wins U.S. Best Places to Work and U.S. Best Midsize Places to Work awards

MINNEAPOLIS—Jan. 10, 2024—IDeaS, a SAS company, the world's leading provider of hotel revenue management software and services, announced today recognition in Built In's 2024 Best Places to Work. The company earned two awards: U.S. Best Places to Work and U.S. Best Midsize Places to Work. The annual awards program includes companies of all sizes, from startups to those in the enterprise tier, and honors remote-first employers and companies in large tech markets across the U.S.

Built In determines the winners of Best Places to Work based on an algorithm using company data about compensation and benefits. To reflect the benefits candidates search for more frequently on Built In, the program also weighs criteria like remote and flexible work opportunities, programs for DEI, and other people-first cultural offerings.

Dr. Ravi Mehrotra, co-founder, president, and chief scientist, IDeaS, said: "IDeaS is committed to providing our employees with a rewarding, challenging, and growth-oriented experience. We couldn't be prouder of our hard-working team members. Their passion, intelligence, and dedication have made IDeaS what it is today."

Maria Christopoulos Katris, founder and CEO, Built In, said: "I'd like to extend our heartfelt congratulations to the 2024 Best Places to Work winners. I am truly inspired by these companies that have risen to the challenge of fostering a positive work environment, maintaining a strong brand, and ensuring employee satisfaction. The future is filled with promise, and we are so excited to see what lies ahead."
